17 Aug Hong Kong Food Expo

Today, I went to the food expo with my family. Because we wanted to eat some nutritious food. It was held at Hong Kong Convention and Exhibition Centre, Hall 3. I love eating different kinds of food but I've never been to a food expo before. I was surprised!

I saw many delicious food, for example, skewers, seafood, curry fish ball. I like food expo because I can taste many types of food. I think the Italian pizza was better than the Chinese scallion pancakes. I think the Chinese fish ball noodles were worse than the Japanese ramen. My favourite dish was the fish and chips, because they were very crispy. The highlight of the day was shopping. We bought a lot of food home, so we could eat tasty food anytime. There were many things I have never seen before.

Today was a fantastic day! I had a wonderful experience at the food expo. I have learnt more about different kinds of food.

Chinese Culture Day

Dear Miss Lo,

My friends and I have decided to organize a Chinese Culture Day at school. We have chosen these activities. They are 'Making dumplings', 'Doing paper cutting' and 'Making Chinese knots'.

We have already put up the posters in the school and in Chai Wan MTR station. We haven't sent out the invitation cards yet.

For 'Making dumplings', we need ingredients for making dumplings and prepared 90 boxes. Situ has already bought the boxes but I have not bought the ingredients yet. I should buy the ingredients in the supermarket this week. For doing paper cutting, we need coloured papers and many pairs of scissors. I have already bought some coloured papers. John has already borrowed enough pairs of scissors. For making Chinese knots, we need red strings, scissors, reference books and prepare videos of making Chinese knots. Yesterday at three o'clock in the afternoon, a woman came out of Rose Restaurant. A man stole her mobile phone and ran away quickly.

The woman was unhappy and she cried. She went back to the restaurant. The waitress of the restaurant comforted her and asked her to call the police. Detective Mel arrived at the scene ten minutes later.

The woman told Detective Mel what the thief looked like. She said he was a short man in the jeans and sandals, with short hair and sunglasses. Soon, Detective Mel found three men who matched the woman's descriptions and asked the woman to identify the thief. The woman couldn't identify the thief. Luckily, Detective Mel had an idea. She said to the woman, 'You go back to the restaurant and phone your mobile phone.'

Finally, they found the thief and the woman thanked Detective Mel.

Feeling unwell

Yesterday I was sick. I didn't feel well because I ate some contaminated seafood. My mother bought them at a seafood market at a discounted price. After I ate the seafood, I had a stomachache and vomiting. I felt tired and terrible.

My dad told me not to go to school when I was sick. And then, I went to see the doctor. He advised me to take some medicine and stay in bed. I slept for a whole day yesterday. Although I felt better today, I decided to stay at home for one more day.

My grandma said if I want to stay healthy, I should do more exercise, eat healthy food and go to bed early.

Feeling unwell

Yesterday I was sick. It was because I ate fried food. I got a sore throat, I felt bad. Therefore, I did not go to school.

I saw the doctor. The doctor told me to drink lots of water.

I should drink lots of water, take some medicine, rest in bed, and I should not have cold drinks, I should not eat fried food too. Moreover, I should not talk too much. I know I am doing the right things now.

The Person I admire

I admire Anson Chan. He is a humorous and handsome singer. He was born in 2000. He is twenty years old now. He is studying in Hong Kong University. He likes singing very much. Therefore, he has learnt singing for ten years.

During these ten years, he got a great improvement. Finally, he has become a popular singer since 2014. He usually performs on TV. I like the show he performs which is called "Hong Kong Got Talented" the most! It is interesting. Besides, he records and writes his songs in the studio. During his spare time, he visits the old people and sings with them to bring happiness to others. He got numerous awards. The most special and meaningful one is the "Best Singer Award." He got this award one year ago.

I admire him because of his perseverance. Whenever he meets failure, he works hard to overcome. I think he is caring because he likes helping people who are in need.

He is humorous too. He always tells jokes and makes people laugh. Also, he is caring because he usually goes to hospital to visit sick people. He sings with them there in his spare time.

Never give up is not easy. I have learnt that I need to keep on training to improve some singing skills because I want to be a singer. I wish I can do well like he does. I believe I can be a great singer in the future.
