Sports Day

Dear Evie,

How are you? I took part in the School Sports Day. It was on the 16th February, 2021, at Siu Sai Wan Sports Stadium. The principal, teachers, students, judges and parents were there to help and watch. I joined the beanbag throwing event and 100m race.

At the field, I threw the beanbag. I felt happy because I won the event. At the 100m race track, I was warming up. I felt hot because it was sunny that day.

I got tripped by a tiny rock when I nearly won. I hurt my leg. I was careless. My friend felt worried.

Luckily all the athletes helped me to get up and we ran together. Angela was faster than me and she won the race. I came second. I felt happy because they helped me get up. I learn to be careful.

The person I admire

I admire Ludwig Van Beethoven because he is my model. He is a musician. He was born in Bonn, Germany in 1770.

I admire him because he is perseverance. He was deaf when he was born but he didn't give up. He had started to play the piano with his dad since he was seven. He played piano Sonata when he was twenty-five.

I admire him because he was humble. He won many medals in his life but he was never be arrogant.

He played piano Sonata No 2 in 1795. He played Sonata Pathetic in 1799. He played Piano Sonata No 4 in 1809. He played Wellingtons Siege in 1813.

I have learnt never give up and work hard from him. He was my role model.

The person I admire

The person I admire is Kim Seok Jin. He is a singer. He was born in 1992. His place of birth was in South Korea. He is the only person in this team who knows how to cook, but at the same time he is allergic to onions.

He has become a member of the South Korean boy band BTS since 2013. He received Hwagwan Order of Cultural award in 2018. He has donated supplies to Korean Animal Welfare Association since 2018. He released his first independent song in 2019.

## Developing good habits

Miss Wong taught us about good and bad habits in the school hall last Monday. I think I should develop the two good habits to become a smart kid and stay healthy.

I ought to be punctual so that I won't miss out on any part of an event. Arriving in the middle of an event can make me feel embarrassed. Being punctual gives people a good impression of me. To be punctual, I ought to leave home ten minutes earlier. I should go to bed early every night. I ought to get up early in the morning.

Helping with the housework teaches me how to take care of my family. My parents can't do everything for me. Helping with the housework teaches me how to be responsible. To develop this good habit, I ought to help my parents to do the housework twice a week. I should make a timetable to remind me to do the housework.

I ought to develop the above good habits: be punctual and help with the housework so that I can stay healthy. I can become a smart kid, too.

### Selling flags and a big mistake

Hi Cindy,

Anne and I joined a charity club last week. Yesterday morning, we sold flags on the street. It was our first time being volunteers. Most people were willing to donate. I even met a man who put \$500 into the flag bag! He was very generous!

Anne and I were hungry after a few hours. We went to a fast food shop for lunch. I ordered a burger and it was delicious! We put the flag bags on the seats next to us. We chatted happily about doing charity work.

When we finished lunch, we could not find the flag bags. They were disappeared. We were shocked.

Then Anne saw a man walking towards the door with our flag bags. She shouted loudly, 'Catch the thief! Stop him!' The people stopped the thief from leaving. Later the police came and arrested him. Anne and I learned that we should always take care of our valuable belongings!

Write back soon.

Kenny

### Developing good habits

I am going to develop two good habits to make me a good student. The first habit I want to develop is doing exercise regularly.

I go to swim on Monday. I go to Siu Sai Wan swimming pool with my friend, Mary. I spend three hours there. I ought to do more exercise. It can make me strong and healthy.

The second habit is spending less time playing computer games. My mum says I spend too much time on playing computer games. So, I can't finish my homework early and I can't sleep well. To be a healthy kid, I want to learn some new skills, for example, cooking and cycling.
